

AmeriCorps*State

Welcome to

AmeriCorps is a network of national service projects that engage Americans of all ages and backgrounds in intensive direct service to meet the critical community. Sometimes referred to as “the domestic Peace Corps”, it is a vital part of the growing National Service movement. AmeriCorps service gives its members the opportunity to impact change in underserved communities, gain valuable life experience, and take steps toward their own future goals.

The North Country Workforce Partnership (NCWP) a 501(c) (3) private, not-for-profit organization, and a subsidiary of the North Country Workforce Investment Board (WIB), sees AmeriCorps as a way to assist already overburdened organizations to meet critical community needs in the North Country. The NCWP, in collaboration with the United Way of the Adirondack Region, Inc. and the New York State Office of National and Community Service, has created a service and capacity-building program known as *AmeriCorps for the Adirondacks*.

AmeriCorps for the Adirondacks enlists 16 AmeriCorps members serving in Franklin, Essex, and Clinton Counties (the Tri-County Region) to create, support, or enhance programs designed to increase literacy (financial, reading and language), increase awareness of available healthcare and preventative services, and increase access to viable economic opportunities for residents in the region.

Our mission is to maximize the effectiveness of local not-for-profit agencies by providing AmeriCorps members as part of a broad-based collaborative community initiative committed to advancing the intellectual, health, economic and social condition of the people of the North Country.

We invite you to join our mission!

Benefits associated with serving with AmeriCorps:
